PART ONE · THE HOUSE

TWO · WORD FROM THE FOUNDER

Mohamed El Manawi, the house's founder and CEO. With over Nineteen years in travel and hospitality, possessing profound understanding of guest expectations and market dynamics, coupled with a commitment to fostering thoughtful, experience-driven travel.

He is also COO of NTS Group, one of Egypt's larger travel organisations, where he manages a diverse portfolio of hotel properties and cruise lines. Effectively bridge strategic planning with operational execution across various travel platforms.

He founded the house for designing meaningful journeys that celebrate heritage, culture, and connection, all crafted with care and executed with discipline.

Mohamed El Manawi

FOUNDER & CHIEF EXECUTIVE

THE FOUNDER

"The house was made to do one part of that trade properly: travel arranged one party at a time, from Egypt outwards, with the ground handled by people who live on it."

PART ONE · THE HOUSE

THREE · ABOUT CITY & THE SEA

City & The Sea is a house of destination specialists. Its people come from hotels and from kitchens, from tourism strategy and from Egypt's Board of Tourism, and several of them have spent years on ground that most itineraries skip.

It works the way a studio works. One person holds the plan; the rest supply what they know. Every journey and every event is built from that, and from a plain respect for the places it borrows.

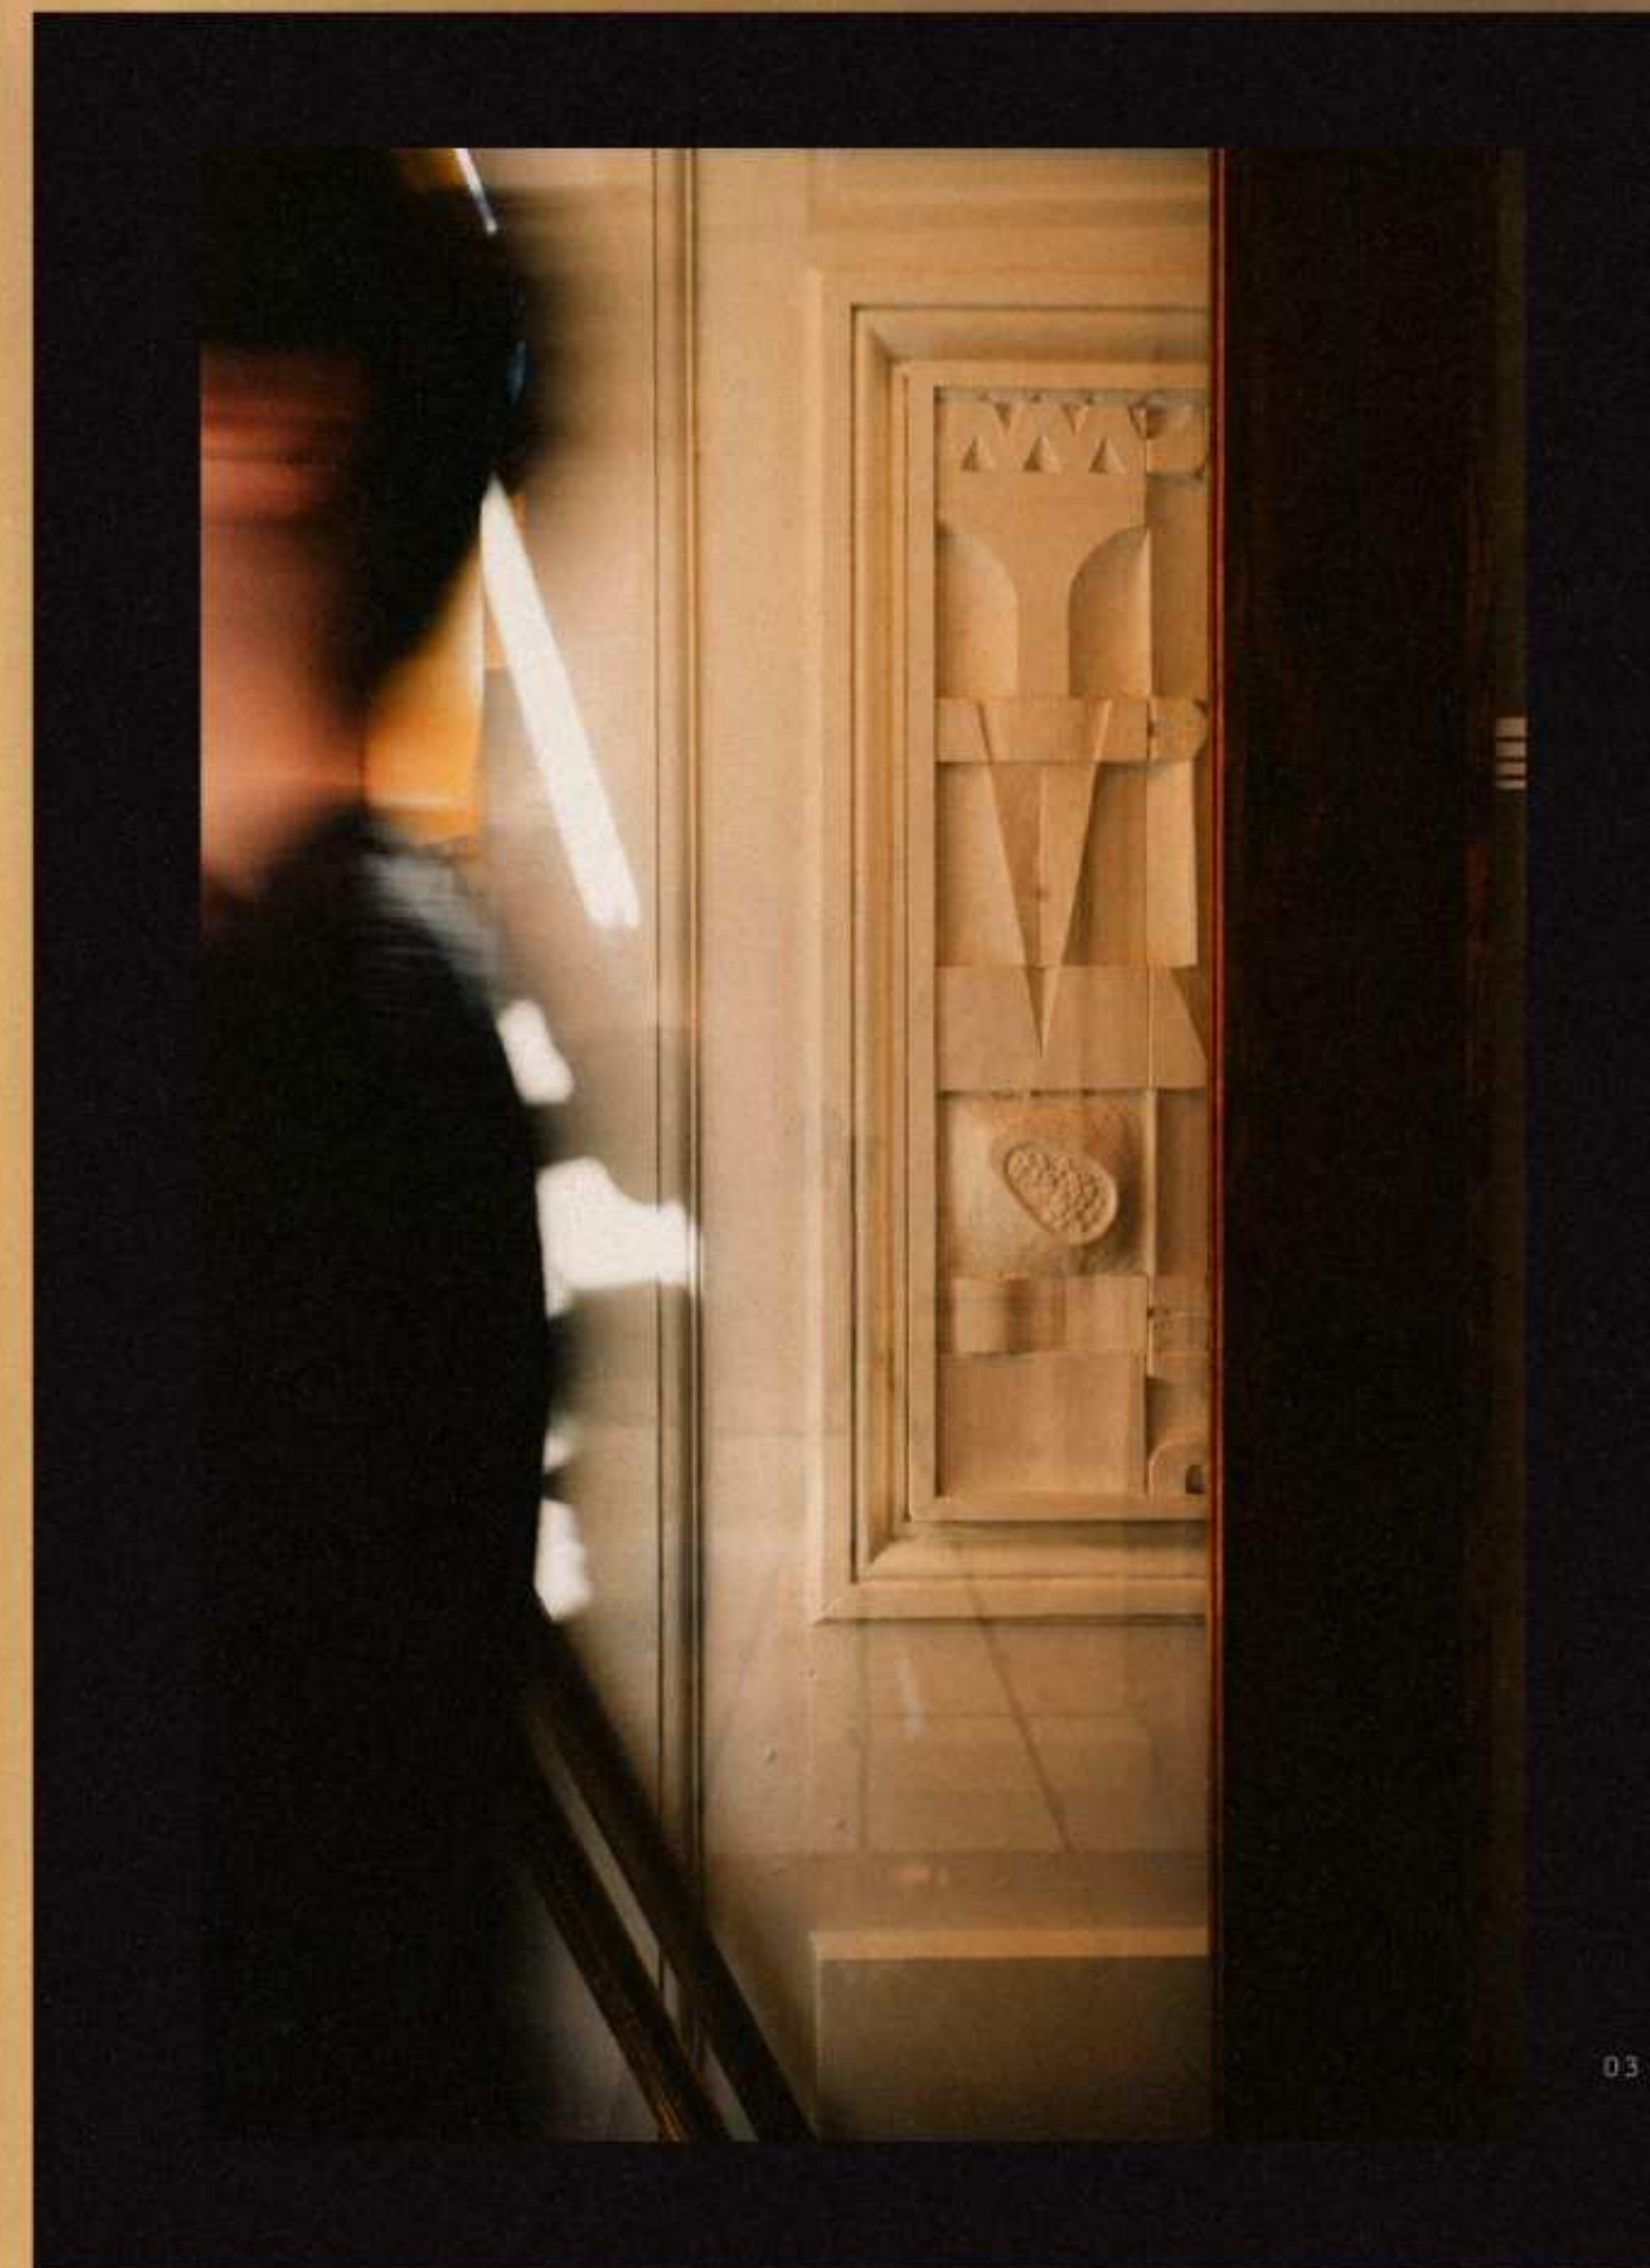

Fourteen services sit under one address. The list on the following pages is the profile's own, in the profile's own order.
